Subject: Anonymous Complaint about Timings

Dear Sir,

In response to the above cited reference, I would like to bring to your kind notice the following facts:

- 1) LIMS is one of the well-known Educational Institutes of Peshawar and is famous for its top quality education, from Pre Nursery to Intermediate level (with an attached Day Care) It is being owned and directed by Dr. Salma Masood Khan, a renowned Educationist, Education Consultant and trainer of international and national level, holding a Doctorate Degree in Education and having more than 30 years of experience in the field of education.
- 2) The quality of LIMS is evident from the achievement of numerous International and National Scholarships, Honours Awards and its outstanding Matriculation Results.
- 3) LIMS has three independent Branches i.e., Kindergarten cum Primary, Girls and Boys, operating at the same Campus. Most of the students have siblings studying in different grades at LIMS who use the same conveyance. Moreover a large number of students' mothers are working women.
- 4) **As a big majority prefers** to drop and pick up their children at one time therefore we have kept a difference of 30 minutes in the timings of Junior and Senior Sections, both in the morning and at closing time so that the smaller children of Reception, Nursery and Kindergarten are in the care of their own teachers rather than making them wait with Aayas, till the arrival of their parents/drivers. But the timings of Summer and Winter also vary. During extremely hot weather and in Ramadan the timings are further reduced. (copies of all the relevant circulars issued to parents from time to time are attached herewith).
- 5) **However parents of individual children who pick and drop their children at the timings of little ones drop ½ hour to 40 minutes late in the morning and pick ½ hour to 40 minutes early** at the closing time, if they do not go with their siblings or in the School buses.
- 6) **All Policies of LIMS are well thought out and are based on the preferences of the majority, any single or a few parents' requests cannot be a decisive factor for the better interest of the larger population. This parent can pick up his son earlier than the rest of the students as per his/ her choice.**
